Merry Christmas!

Christmas preparations are gearing up at Good Samaritan and the excitement is building. On the evening of December 5th St Nicholas left packets of candy and treats and some especially good children had packets left in their shoes - if the shoes were particularly clean! Later that week the local folk performers put on a lively song and dance performance that had young and old out on the dance floor. Then Sunday afternoon Santa Claus topped off the week with a special visit. Noses were pressed against the glass as Santa drove up and shrieks of excitement filled the great hall. Can Christ's coming be far behind!
